

Top 5 Ways to Supercharge Your Claims Analysis Capabilities

To gain the most value from claims analysis, hospitals and physician practices need tools to identify cost drivers, top performers, and opportunities for improvement, and track and benchmark their performance against metrics.

Make sure to consider these sometimes-neglected factors to achieve maximum impact from your claims analysis:

- Being able to reconcile back to payer reports for value-based contracts
- Creating actionable reports for individual service lines, practices, and physicians
- Risk-adjusting performance reports, for better physician engagement
- Appointing a clinical leader to motivate change
